Then the learning will happen, students will be open to learning - reverse teaching principal. Paul Ginnis **#star2011**

Totallywired77 (Tait Coles)

There needs to be more learning than teaching - how? By reversing order of standard lesson - student input/problem solving first **#star2011**

Totallywired77 (Tait Coles)

@AtkiTeach he remembers you John! He sends his best, apparently we will be doing the egg and sperm race later! **#star2011**

Totallywired77 (Tait Coles)

@Totallywired77 At Bingley. I was the back end of a sperm in a race to the egg. Happy days! **#star2011**

AtkiTeach (John Atkinson)

RT @Totallywired77: Shadow learning v Deep learning - "teachers measure success on how much teaching has taken place" Paul Ginnis **#star2011**

RT @Totallywired77: **#star2011** #iste11boys have a natural instinct to master problem solving - perfect exampl... (cont) http://deck.ly/~HpQsb

tutorial2teach (e-learning tutorials)

@AtkiTeach he is ace, when did you work with him? **#star2011**

Totallywired77 (Tait Coles)

"@AtkiTeach: @Totallywired77 Jealous! Ginnis best ever speaker / trainer I've ever worked with." **#star2011**

Totallywired77 (Tait Coles)

#star2011 boys have a natural instinct to master problem solving - perfect example of that is gaming - incorporate this idea into lessons
